

# ICON PLUS [affordable posture]

# ICON PLUS [task back]

# ICON PLUS [high back]

IPI38(3)AAS

The Icon Plus range offers an innovative look and feel to task and operator seating.

A distinctive back design provides greater comfort with a new aesthetically pleasing base.

The extended range of armrest options now include five fixed and four height adjustable arms, with a unique new design that can slide forward and rotate to suit any user.

The stylish visitors chair with chrome frame and arms complete the range.

The inflatable lumbar support is fitted on the IPI37 and IPI38 as standard and is integrated into the back cushion.

The air cell can be inflated and deflated through a hand bulb attached to the back of the chair.

A choice of four mechanisms are available including a fully synchronised seat and backrest movement, which can be finely tuned to the users weight and locked into any position for firm support.
